

Canadian Coast Guard Recruitment Information

Federal Student Work Experience Program (FSWEP)

Inshore Rescue Boat

The Canadian Coast Guard hires and trains students each summer to become members of an Inshore Rescue Boat crew. Students will be trained in Search and Rescue (SAR) operations by Canadian Coast Guard regional staff and following successful completion of training, will be assigned as crew members to Inshore Rescue Boat stations.

Coast Guard College

1. 4-Year Program:

a) Marine Engineering

Marine engineers have the awesome responsibility of operating, monitoring, and maintaining a ship's engines, electrical systems, and machinery to ensure the comfort and safety of every soul on board a vessel.

b) Marine Navigation

Navigation Officers are responsible for the safety of the ship, crew and any other person on board the vessel. They safely navigate a vessel through confined and congested waters in all types of weather and visibility.

2. 6-Month Program

a) Marine Communications and Traffic Services

The Marine Communications and Traffic Services Officers are the eyes and ears of Canadian marine traffic. It's their duty to provide services to clients and stakeholders, such as the marine industry, navigators, recreational boaters, fishers, international government agencies, provincial governments, and other federal government departments.
